Management Comments

Commenting on the results, Mr. Manish Mohnot, Managing Director & CEO, KPTL said:

“KPTL and JMC delivered steady performance in Q3FY21 with improved turnover, stable margins and good order booking. We have also significantly reduced our net debt at standalone and consolidated level.

The acquisition of Fasttel in Brazil is in line with our strategy to strengthen our core EPC business and becoming local in few geographies. Fasttel helps us to make our entry into the high growth Brazilian power transmission and distribution market.

Our consolidated order book including L1 position of Rs.31,382 Crore and good visibility across businesses makes us well positioned to capture the growth opportunities going forward.”

**About Kalpataru Power Transmission Limited (KPTL)**

KPTL is one of the largest and fastest growing specialized EPC companies in India engaged in power transmission & distribution, oil & gas pipeline, railways, infrastructure development and warehousing & logistics business with a strong international presence in power transmission & distribution.
