

## **KPTL COMMENCED COMMERCIAL OPERATIONS OF RAIPUR PLANT**

### **WORLD CLASS TOWER FABRICATION AND GALVANIZING PLANT WITH ANNUAL INSTALLED CAPACITY OF 55,000 MT'S**

**Mumbai, March 05, 2013:** Kalpataru Power Transmission Limited (KPTL), a leading global EPC player in power & infrastructure contracting sector has expanded its manufacturing capacity to over 160,000 MT's by commencing commercial operations of latest plant at Raipur in the state of Chhattisgarh. The new plant has annual installed capacity of 55,000 MTs of both fabrication and galvanizing processes.

After commissioning of the new plant, KPTL would have one of the largest tower manufacturing capacities in the country. It would further strengthen company's ability to competitively execute large transmission projects across the globe.

Commenting on the announcement, Mr Ranjit Singh (Managing Director) said *"With this expansion we would get key competitive advantages like economies of scale, strategic central location of the plant and latest technology. These would help us to achieve our aim of sustained profitable growth"*
