Dear Sir / Madam,

This is to inform that the Company has been taking a series of measures in view of the COVID-19 pandemic to ensure safety and health of all our employees as well as site workers and to ensure compliance with various directives issued and / or being issued by the Central/State/Municipal authorities.

The operations at many project sites of the Company has been affected due to lockdown in many of the states across the country and resultantly disruption in the supply chain operations. The Company has decided to shut the operations at many project sites and offices until March 31, 2020 with a view to safeguard the risks to the health of our employees / workers in line with the advisories from Local, State and Central Government.

The Company had already moved to 'work from home' policy for all its office employees last week, thereby significantly reducing risk to them in this period. The duration of this shutdown will depend upon the further directives to be issued by the respective Government authorities in this regard. The Company will continue to assess the situation and will consider resumption of its business operations at an appropriate time. The uncertainty around the situation makes it difficult to ascertain the exact impact at this point of time.

This is for your information and record.

Thanking You,

Yours faithfully,

For **JMC Projects (India) Limited**
