- Consolidated order book visibility including L1 position an on date stands at around Rs.30,000 Crores

Management Comments

Commenting on the results, Mr. Manish Mohnot, Managing Director & CEO, KPTL said:

"Our operating and financial performance has improved significantly over the previous quarter given relaxation of lockdown, improved labour availability and restored normalcy of supply chains. Our focus on business diversification as well as profitable execution has helped us in sustaining and delivering a reasonable performance in these challenging times.

In addition, we are moving swiftly on completing sale of our remaining T&D assets and restructuring Road BOOT assets. We believe these steps will significantly help us to unlock capital and reinvest in future growth and profitability.

On a consolidated basis, we have achieved around 60% of the targeted order inflows for the current financial year, and we are confident of surpassing our order inflow target for FY21."
